HOSPITAL INSPECTOR RECERTIFICATION
SEMINAR/EXAM SCHEDULE FOR 2017

OSHPD seminars cover code updates and inspection procedures, requirements and techniques used for hospital construction. These one-day seminars are designed to fulfill the education requirement for Hospital Inspector recertification. To renew and maintain a valid certification, the Hospital Inspector must participate in a written recertification examination before the expiration of his/her certification. Certifications expire the last day of the expiration month. Certified Hospital Inspectors may apply to take the written recertification examination at the conclusion of this seminar by submitting the applicable fees with this registration form. Recertification seminars are offered each year in the Sacramento and Los Angeles areas. The schedule for the next upcoming recertification seminars is provided below. Review your certification expiration date and plan to participate in the seminar and examination that best suits your needs. If you do not recertify within the required time period, you will need to take the complete examination for a new certification. Inspectors must hold a current OSHPD certification to serve as an Inspector of Record.

NOTE: The expiration date of your renewal certification is based on the date of issuance of the most recent examination and not from the original expiration date.

SEMINAR & RECERTIFICATION EXAM REGISTRATION

REGISTRATION, Final Filing Date February 21, 2017
