

OSHPD Pre-Approval Index

The Pre-Approvals listed below are valid for projects designed to the requirements of the 2007 CBC.

At this time, pre-approvals which were approved in accordance with the 2001 CBC may still be used. See the memo at <http://www.oshpd.ca.gov/FDD/Pre-Approval/20080422-2007-CBC-OPAs.pdf>

OSHPD does not distribute copies of pre-approvals. Either the manufacturer or the listed engineer must be contacted for copies of the Pre-Approval for your use. Copies of the Pre-Approved details must be on the job site prior to starting the installation of the component or system.

Specifying Pre-Approved systems does not preempt the Building Permit process. Contract documents shall be submitted to OSHPD for review and approval and issuance of a Building Permit prior to construction occurring.
