Agenda
California Coronary Artery Bypass Graft (CABG) Outcomes Reporting
Program (CCORP)
Clinical Advisory Panel (CAP) Meeting

400 R Street, Room 471
Sacramento, CA 95811

Tuesday, June 1, 2010
9:00 am

Call to Order – Robert Brook, M.D., Chair

1) Introductions

2) Approval of Minutes of November 10, 2009 Meeting

3) Director's Report - David Carlisle, M.D., Ph.D.

4) CCORP Program Update - Holly Hoegh, Ph.D.

Status of 2007 public report, statewide trends in CABG and Percutaneous Coronary Intervention (PCI) usage, definition of IMA utilization, update on data collection and correction activities for 2009 and 2010, timeline for next public report, and other program updates.

5) Results of the 2008 CCORP Audit – Beate Danielsen, Ph.D., University of California, Davis, OSHPD contractor

Presentation of results of the 2008 medical chart data reabstraction from 36 CCORP hospitals.

6) Presentation on the preliminary findings of an analysis of the impact of public reporting of Internal Mammary Artery Utilization - Ezra Amsterdam, M.D., University of California, Davis, OSHPD contractor

7) Presentation and discussion of post-operative dialysis requirement as a possible new outcome measure - Richard White, M.D., University of California, Davis, OSHPD contractor

The Panel will be asked if OSHPD should pursue analysis of this outcome for possible public reporting (possible action item).

- 8) Upcoming CCORP Hospital- and Surgeon- Level Report** – Holly Hoegh, Ph.D.
- a) Discussion and approval of the 2007-2008 mortality risk model and methods for generating hospital-level and surgeon-level results for a public report (action item)
 - b) Discussion and approval of the 2007-2008 post operative inpatient stroke risk model and methods for generating hospital-level results for a public report (action item)
 - c) Discussion of OSHPD’s recommendations on 2007-2008 report contents (action item)
 - i) Risk-adjusted mortality rates for hospitals. OSHPD recommends report include one year (2008) rates only.
 - ii) 2007-2008 risk-adjusted post operative inpatient stroke rates for hospitals
 - iii) 2007-2008 risk-adjusted mortality rates for surgeons
 - iv) 2008 internal mammary artery usage rates for hospitals
 - v) 2008 volume/outcomes analysis

9) Presentation and discussion of preliminary proposal for a risk-adjusted mortality model and methods for generating hospital level results for CABG + Valve - Zhongmin Li, Ph.D., University of California, Davis, OSHPD contractor
OSHPD currently publishes risk-adjusted mortality results for isolated CABG surgeries and is now evaluating a possible risk model for CABG surgery that also includes a valve procedure (action item).

10) Presentation of a review of the state of cardiac outcomes reporting - Dominique Ritley, MPH, University of California, Davis, OSHPD contractor
Presentation will include summary of the preliminary review of CABG outcome reporting by states.

11) Presentation and discussion of letter from a surgeon to Clinical Advisory Panel Members - James MacMillan, MD, CCORP Clinical Advisory Panel
A letter to two Clinical Advisory Panel members presented a surgeon’s concerns about CCORP risk-adjustment methods (possible action item).

12) Public comment

Adjourn – meeting is expected to last until 3:00 PM

The panel may take action on any agenda item.

Reasonable accommodation requests may be directed, at least five (5) working days in advance of this event, to Holly Hoegh at (916) 326-3868. OSHPD will ensure that it makes every effort to fulfill the request.
