

AB2876 Research Supplement

For Office Use Only

Date Revised

Request #:

Date Received:

This supplement is to be used whenever a Hospital or Public Health Department is using OSHPD data for Research purposes. A copy of the draft and/or approved Protocol from the California Committee for Protection of Human Subjects (CPHS) must be attached.

Research Overview

Clearly state the general purpose of your project. What specific questions will be answered by this project?

Provide a broad overview of how the data you are requesting will be used to achieve the purpose of this project. Please include a description of both the study population and any control groups that are utilized.

Briefly explain why the years of data being requested are necessary for your research.

Have you done a statistical power calculation? Yes No

What is the required sample size you need to test your hypothesis?

Do you plan to link patient-level information Yes No

If yes, please describe this patient-level information, including a list and description of the data variables that comprise it (including OSHPD data).

Describe the linkage methodology.

List the data variables that will be used to accomplish the link.

Approvals to used data sources other than OSHPD files must be provided

Are interim files created in the processing of the data? Yes No

If yes, please describe what data elements are included in each file and what variables are dropped or masked.

All research projects involving OSHPD's non-public patient level data are subject to CPHS review, the CPHS recommendation and protocol must accompany the final request. (Your organization's Internal Review Board (IRB) cannot be a substitute for CPHS approval.)

CPHS approval is:
