This report is a product of the California Coronary Artery Bypass Graft (CABG) Mortality Reporting Program (CCMRP), a project sponsored by the Pacific Business Group on Health (PBGH) and the California Office of Statewide Health Planning and Development (OSHPD). PBGH is non-profit organization of large employers in California who work to provide independent information to consumers on the quality of care provided by health plans, hospitals, and doctors (see www.healthscope.org). OSHPD is the state agency that produces risk-adjusted hospital outcomes data (see www.oshpd.state.ca.us).
