

Getting Involved: Spread the Word about Cal-SEARCH

We hope you can agree that Cal-SEARCH is a great opportunity for students and residents to:

- Get exposure to community clinics and health centers in Health Professional Shortage Areas (HPSAs) and Medically Underserved Areas (MUAs)
- Work with Medically Underserved Populations (MUPs)

The following are some suggested activities for you to help spread the word:

WEBSITE: Add a Cal-SEARCH link to your website and encourage others to do the same:

FACEBOOK: Cal-SEARCH is now on Facebook.

PUBLICATIONS: Place Cal-SEARCH information in newsletters or other publications. We can create print ready ads or text for you.

POSTERS and BROCHURES: Display Cal-SEARCH posters in areas frequented by students and residents, such as student and multicultural centers, career and health advising offices, community clinics and health center sites, school and career fairs, etc. Posters and brochures are available on our website. We can also send hard copies to you.

SHARE: Provide information about Cal-SEARCH to health professions advisors and encourage them to share information with students and residents, prospective applicants, and summer program participants. Information, such as fact sheets, learning objectives, and other documents are available on our website. We can also send hard copies to you.
