RE: Tuolumne General Hospital SB 1661 Report

Dear Mr. Yee,

Enclosed you will find our SB 1661 report for your consideration. I also sent a PDF version to the email site your department provided.

During the preparation of this report, I called Brett Beekman from your office for some assistance. I explained to Brett that we have already closed all services at the Tuolumne General Hospital except for our long term care facility. In addition, we have signed a Memorandum of Understanding with Avalon Health Care to assume our long term care services once their facility is expanded in 2011. Brett advised me to use Avalon Health Care's project number and construction dates in our report since we are not planning any replacement or retrofit projects in the future. If there is any other information that you may require, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Ed Hoag".

Ed Hoag
Tuolumne County Facilities Manager
