Dear Mr. Yee,

RE: Sutter Memorial Hospital – Sacramento – (ID 10628)

Sutter Health is pleased to submit an SB 1661 report on behalf of its Sutter Medical Center, Sacramento (SMCS) affiliate for its Sutter Memorial Hospital campus. The campus is comprised primarily of buildings carrying an SPC-1 seismic performance rating, thus necessitating the submission of this report.

The compliance plan for resolving the seismic deficiencies of the buildings on this campus is to construct new acute care buildings at the Sutter General Hospital (ID 10625) location to allow for consolidation of operations in Sacramento. Construction of the new buildings is now under way at the Sutter General location and will be completed prior to December 31, 2012. Sutter Memorial Hospital will subsequently be de-licensed for acute care use.

Thank you for your attention to this submission.

Sincerely,

Carl Scheuerman
Director, Regulatory Affairs
