SELECTION OF FIRMS FOR PLAN CHECK SERVICES

May 24, 2013

In accordance with the Office of Statewide Health Planning and Development (OSHPD) Regulations for Architectural and Engineering Contract Services, the Evaluation Committee has completed the selection process to retain firms to provide structural plan check services.

Based on the evaluation of the qualification criteria contained in the Statement of Qualifications and interviews with each firm, the Evaluation Committee has recommended the firms listed below, in order of successive ranking, are those best qualified to provide structural plan check services based on their overall score. At this time OSHPD shall award and negotiate agreements with the first ten (10) firms, and reserves the right to award and negotiate agreements with additional firms in the order of ranking.
